Hi Barbara,

I just wanted to let you know that what we are using is our own App . We do not use a service like Rev , OTTER AI, Verbit, etc. The platform is our own that we are developing . I would be happy to show your firm our interface and the editing tools we have developed and are developing . I'm not sure if you still get to keep your work product in house but with our app Depo-Notes you could.

Thanks,
Trey

Michelle,

I appreciate the offer, but I was able to locate a reporter, so it will not be video only. Also, we actually get our videos transcribed for about 75% less than the \$6ppg with certification 🕒 I'll keep you in mind in that regard if we get in a bind!

Thank you so much for handling the video portion for us!

Thank you,

Hi Barbara,

I apologize for my delay, I was headed to my job. If tomorrow's depo does end up being video only we would like to offer you the opportunity to try out our new software! We put the audio into our software and it generates a rough draft type transcript, this rough draft is then edited for spelling & grammatical errors and any missed content. To bundle this with the video, we will honor the regular video rate of \$85/hr. At this time we are not able to offer a certified transcript but we can give you a discount from our usual rate, at \$6/page. Our video only rate is \$100/hr, 3 hour minimum.

Thank you,

Michelle Cherney

Great, thank you!!

What is the hourly charge for video only, or is there not a difference?

Good afternoon!!

Any chance you all would happen to be available to cover these depositions tomorrow? There is a potential for them to be video only, so if you are available, please let me know what the price difference will be in the case of Video only vs. the standard Reporter/videographer job. THANK YOU!
